P. BUFFINGTON : : : : : Editor and Manager

FRIDAY : : : : : JULY 6, 1900

FOR PRESIDENT

WILLIAM MCKINLEY, of Ohio.

FOR VICE-PRESIDENT

THEODORE ROOSEVELT, of New York.

BRYAN, William Jennings Bryan of Lincoln, Nebraska, the individual who does not believe in monopoly, has just given an exhibition of one-man power that is enough to startle lovers of a Republic. This man from a prairie hamlet, picks up the entire Democratic party of the United States of America, places it on his knee and spansks it into abject submission. Talk about imperialism, autocracy, monopoly and all the rest of the string, is there a man insane enough to deny that Bryan has shown himself the embodiment of all of them. Give him power enough and he will become a veritable Caesar—an autocrat of autocrats—President, Cabinet, Congress and Senate. He is now the Democratic party, give him one term in the Presidential chair and he will become the United States. The whole country stands agast at the superb nerve and sublime cheek manifested by this aspirant for the highest office in the gift of the American people. His acknowledged snmpremacy over a thousand leaders of the great Democratic party at the recent Kansas City convention, risking by the stand he took his very political life, marks him as a man who would stop at nothing to secure his own aggrandizement. Evidently his motto is, "All I want, or death and destruction to all, myself included." Such a man, if boosted into great power, will become a menace to political harmony. There is no other logical deduction to be drawn from the history he has already made. Sampson-like he will, unless he modifies his imperious nature, pull down the pillars of state, when blinded by selfishness, and perish with his victims. No such man should have the reins of this government in his hands, and woe to the country when such an untoward event happens, for dollars to doughnuts he will drive straight to the devil.

THE dispatches say there is small hope of saving any of the foreigners in Pekin, which is tantamount to saying that representatives of all the great powers of the earth are to be either starved like rats in a trap or butchered like swine by dragon worshipping demons of the Celestial empire. And this in spite of vast armament, mammoth war vessels and an army host. All this reads like a hideous nightmare; that it is true seems utterly impossible in the light of present treaties among nations and manifold international arrangements for peace and good fellowship. What the outcome will be no man can tell. Some predict the disintegration of the Chinese empire, others, among them Lord Woolsley, the overrunning of all nations by hords of Chinese. The present condition of things is threatening in a marked degree, and apparently it will require the combined wisdom of the whole world to restore order without the shedding of rivers of blood.

Who will wear the Congressional toga shed by Congressman DeVries? Inasmuch as the Second District is admitted to be a Republican district, it is but reasonable and fair that in answering the above question a Republican should be mentioned. So far so good, but what is the name of the Republican. That's the burning question that is just now throwing off such heat. Several honorable and able gentlemen have been mentioned, among them Forbes of Marysville, Davis of Jackson, and Brusie of Sacramento.

MEN in a position to know openly affirm that McKinley and Roosevelt will carry at least three Southern States. The South is waking up. Protection and expansion find no warmer advocates than in the sunny land that we have long been taught was hopelessly given over to democracy.

PRESIDENT MCKINLEY is receiving commendation from all quarters for his promptness in ordering troops to China to join with those of other civilized nations in protecting the persons and property of foreigners.

It is now a conceded fact that Indiana will be one of the sure Republican States this year, and that the majority will be quite as large, if not larger than it was in 1896.

THE electoral vote of Kentucky is considered safe for McKinley and Roosevelt.

OUR PARIS LETTER.

Our Correspondent Gives Some Interesting Facts About the Exposition. (From Our Regular Correspondent.) PARIS, France, June 11, 1900.

I see in a Paris paper this morning that Senator Hale characterized the Paris Exposition as a "bad performance." This was the opinion of M. Renan, of all expositions; he despised them and blamed women for them. Let anyone recall his own impressions of the Chicago Exposition. Nine out of ten will first think of the Midway Plaisance attractions; a majority of visitors will recall the tawdry insubstantial architecture, the fireworks, the Ferris wheel, and a wilderness of show-cases differing little from those of the great stores in many cities of the United States. Well, the Paris Exposition is not substantially different from this. Its Midway Plaisance is not cramped, it is scattered here and there in different parts. There is a great display of architecture that will be torn down. There is a Ferris wheel and the Eiffel tower. There is the same bewildering array of show windows with their seductive display of frocks, furniture, jewelry, hats, bric-a-brac, all arranged to tempt the modern Eve and swell the tide of luxury and extravagance, as M. Renan might think, though he would say it better. If all this is so why do people go to Expositions? Because Expositions are tremendously advertised, and because the human heart and foot is always in pursuit of sensation; always seeking the will-o-the-wisp novelty. Because the world loves to be humbugged a great many times, roving after each deception it will not be caught again, but ever hungry for the next thing. The Paris Exposition, like all the rest, is a mammoth advertising scheme, and France has of course the hog's share of the advertising and Paris will profit immensely by the show. The part played by our country here is, in comparison, far from conspicuous. We appear only here and there by an exhibit marked by an American flag and there is nearly always adjoining us or across the aisle from us an exhibit of the same class by another country, it may be Italy, Hungary, or Belgium that vies with us or eclipses us in richness and taste and extent of display. Of course this means nothing to those who think, or know that the United States exhibit is nothing more than the "lay-out" of some firm or firms that strive to find or increase their business on this side of the water. But to the average tourist from rural France, Germany, and Belgium who make the bulk of those who see the Exposition and who know as little about the United States as a horse does of astronomy, the impression is that Belgium and Italy have more taste and better things than the United States, and that France has everything. These International Expositions are much like the hospitalities of the Fox and the Stork. How can our country, considering the three thousand miles of sea and even more obstructive miles of railroad under the peculiar French management compete with France or other contiguous countries? The way to get even with them will be to have our next Exposition at Cape Nome.

I do not know anything about the misuse of the appropriation of \$1,400,000 made by the government for this Exposition, as alleged in the charges of Senator Jones. There has doubtless been extravagance and errors of judgment in building, purchasing, installing and in the hundreds of incidents in which the numerous personnel of the American commission employes and servants have had to pay out money. Not one in five of them can speak French or make change in centimes, francs and Louis without getting cheated or at least running the risk. Anyone who has traveled in Europe knows that the French are the greatest, most skillful and most mobile robbers on the continent. A contract for a dinner is followed by an overcharge for the napkin and the plate. A ride in a cab means invariably an additional payment to the driver. Shop-keepers and officials in the railways seeing that you are American and knowing your ignorance of the money and carelessness about little things will not always return you your full change. You must watch then all the time. Their nonchalance when detected is fine. Their faces are too red to show a blush. The American commission here is somewhat luxuriously installed. They have not denied themselves in fine desks and chairs and carpets, and quite luxurious offices. "Republican simplicity" is not very severe here. It may be "good business," as we say, to let all the world know that we live well when we are at home in Paris. On the other hand it may be that the whole American official entourage is here on a junket.

CRIMINAL RETURNS.

H. GOLDNER, JUSTICE TOWNSHIP ONE.

People vs Ed Gaudier—Petit larceny; tried and found guilty; sent to jail for 30 days; costs \$10.00.

People vs John Dillon, an insane person—Examined by Medical Board; costs \$8.75.

People vs J. Carlot—Disturbing the peace; guilty; fined \$7; costs \$7.

JAMES MCACLEY, JUSTICE TOWNSHIP TWO.

People vs Edward Kelley—Petit larceny; guilty and sent to jail for 30 days; costs \$10.00.

People vs Albert G. Spore—Felon; held to answer before Superior Court; costs \$22.

J. H. GILES, JUSTICE TOWNSHIP FOUR.

People vs Arthur C. Robbins—Vagrancy acquitted; costs \$4.50.

People vs Joseph Garibaldi—Disturbing the peace; guilty; fined \$4.50.

People vs Eugene Dolan—Disturbing peace; guilty; fined \$9; costs \$4.50.

People vs Jas Robinson—Embezzlement; case appealed to Superior Court; costs \$8.50.

People vs Jas Robinson—Embezzlement warrant issued; \$3.

People vs Mary Badaracco—Disturbing the peace; trial had and convicted; fined \$30; costs \$51.50.

People vs Louis Batman—Seduction; sent to jail and afterwards released; costs \$7.50.

People vs Joseph Garibaldi—Disturbing the peace; plea guilty; fined \$9; costs \$17.50.

People vs D. Bertl—Seduction; discharged; costs \$10.50.

Peek's Addition now open for the sale of lots. These resident lots are the cream of the town. They are in town virtually, and yet out of the dust and dirt. They are cheap. 3-21

The White House has concluded to stay and decided to sell cheaper than ever. Prices will rule especially amounts for cash. 9-8-11

Amador County Bar Association.

The Amador County Bar Association was recently organized and is officered as follows: D. B. Spagnoli, President; E. A. Freeman, Vice-President; W. H. Willis, Secretary.

Judiciary Committee—John F. Davis, A. Caminetti, Neil A. Macquarrie, Jacob L. Sargent, Fred L. Stewart.

Grievance Committee—C. P. Vicini, J. W. Caldwell, R. C. Bole.

The annual meetings will be held on the second Saturday before the first Monday in July.

Stated meetings will be held every three months; special meetings, at the call of the President. It was recommended to the Superior Judge that the vacation season of the Bar Association begin six weeks before the 10th day of September, 1900, and that during the vacation no cases be set for trial, and no cases heard except in matters of emergency. The first formal meeting was held Saturday evening, June 23, all of the attorneys of the county being present except Judge Davis and Wm. J. McGee, who were out of town, and Judge A. C. Brown and Charles H. Crocker. It was decided that no membership fee should be charged, but the Association may levy an assessment on the members whenever it is necessary to do so. Following are the names of the members: D. B. Spagnoli, Judge A. C. Brown, A. Caminetti, John F. Davis, Wm. J. McGee, Fred L. Stewart, J. W. Caldwell, R. C. Bole, E. A. Freeman, Neil A. Macquarrie, W. H. Willis, C. P. Vicini, Jacob L. Sargent, C. H. Crocker, D. L. Donnelly. Judge of the Superior Court, R. C. Rust, a member ex-officio.

On Every Bottle

Of Shiloh's Consumption Cure is this guarantee: "All we ask of you is to use two-thirds of the contents of this bottle faithfully, then if you can say you are not benefited, return the bottle to your druggist and he may refund the price paid." Price paid, 35c, 50c and \$1. For sale by A. Goldner, Druggist.

THE PHILIPPINE WAR.

June 28.—Insurgents take the oath of allegiance. Nine Filipino leaders swear to observe the laws of the United States.

June 29.—MacArthur sends more soldiers to China. But little fighting in the islands.

June 30.—Lieutenant Draper drowned while on duty at the ferry at San Antonio.

July 1.—The transport Summer arrives from Manila. She creates a new round trip record.

July 2.—Aguinaldo ridicules the civil commission. He declares it has no official standing and warns Filipinos not to be deceived.

IN MEMORIAM.

To the N. G. V. G. officers and members of Jackson Rebekah Lodge, No. 1. O. O. F.:

We, your committee appointed to draft resolutions regarding the death of our late Brother, P. G. E. G. Freeman, respectfully submit the following as our report:

Whereas The Supreme Ruler of the Universe has decreed that our late Brother be called from our midst to a higher Lodge above; therefore be it

Resolved, That the untimely death of our Brother has caused much sadness and sorrow to our members, yet we bow with reverence to the decree of He who knoweth what is best for us all, and rely upon His wisdom and goodness to convince us that all will be in the end.

Resolved, That in the death of Brother Freeman this Lodge has lost one of its most esteemed members, the community a good and useful citizen, and his family a kind, generous and faithful husband and father.

Resolved, That our sincere sympathies be extended to the bereaved family and relatives of our deceased Brother, and as a token of respect to his memory, the charter of the Lodge be draped in mourning for thirty days, and a copy of these resolutions be spread upon the minutes of the Lodge, and also that a copy of the same be furnished to our local papers for publication.

WM. PENNY,
WALTER KENT.

Epworth League Convention.

A large delegation of Jackson Epworth Leaguers attended the Epworth League Convention held at Ione, Tuesday and Wednesday, the 26th and 27th of this month.

A pleasant and profitable gathering the Convention proved to be. The topics discussed were practical and helpful. Jackson was honored by having Mr. J. W. Neal, of the Experiment Station, elected President for the ensuing year. A wisecracker could not have been made. He is the right man in the right place.

A very excellent paper on the "Social Work of the Epworth League," written by Miss Northey, was read by Miss Grace Ham.

Misses Alma Moulder and Grace Ham rendered a vocal duet in a most creditable manner.

Next summer the Epworth League Convention will be held in Jackson. We feel sure the hospitable people of our town will give the young people a right royal welcome—a Jackson welcome.

The delegates to the Ione Convention were: Rev. F. A. Morrow, Alma Moulder, Nita Littlefield, Lizzie Craze, Dana Rice, Ethel Wharf, Pearl Horr, Lily Lemlin, Maud Lory, Birdie Kay, Drew Caminetti, Arthur Roberts, Lawrence Cassinelli, Grace Ham and James Trevorrow.

School Board.

The old Board of Education was re-elected as follows: Geo. F. Mack, Chairman, Supt. Geo. A. Gordon, Secretary, Miss Alice C. Gartlin, Miss V. L. McLaughlin, W. H. Greenhalgh.

All parties indebted to the late E. G. Freeman will confer a favor on the undersigned by calling at Freeman's General Variety Store, Jackson, Cal., and liquidating the same.

MRS. E. G. FREEMAN.

6-22-11

FROM SKAGWAY.

The Extensive Development of Alaskan Resources Has Begun. SKAGWAY, ALASKA, June 20, 1900. Dear LEDGER:

The development of Alaska, now just begun, is destined to be one of the wonders of the age. "Seward's Folly" will prove to surpass California in value, even as it does in size. The drawback of climate will be overcome by the abundance of coal and running water, which can be so easily converted into heat, light and power, and the cold, dark winters will not interfere with work that must be performed under ground.

Long ago the great geologist, Humboldt, declared that the greatest mineral wealth of this continent would be found in its Northwestern portions, and the developments of today are a triumph for science. The new discoveries this year are far more extensive than any previously made. Koy-v-kuk promises to rival Klondike which is producing as much, or more than ever. Atlin and a dozen places of new strikes take a share of attention. Valdez (Valdes) the new government port which will open up the Coffer River country and give an all-winter all-American route to the Yukon is the center of a rich region and will very likely be the metropolis of Alaska. Prospecting for quartz is being systematically followed around Skagway this season with very encouraging indications, but of course Nome is the center of attraction this year.

Alaska has been a neglected and abused child for more than thirty years. It is still a district not having even a territorial form of government, because administrations have preferred to keep it as a place in which to reward pets with the plums of office, and said pets have usually grabbed all the plums in sight. Governor Brady has just been re-appointed by the administration in the face of a general protest from the Republicans of Alaska. Denied representation in Congress, or even a delegate to make their wants known, Alaskans have been taxed beyond all reason or decency. About eighty thousand dollars a year is exacted from the business men of Skagway and Juneau in the form of licenses. Canadians make a great deal of fun at the way this great, free Government treats the people, who are braving an arctic climate to open its richest treasure box. Times have changed and American ideas of right have changed too since the days '78.

The new law just passed by Congress however, gives towns of 300 and over power to incorporate and run their own affairs, and also to retain, not all, but fifty per cent of their own license money for public use. Skagway is trying to get incorporated before July 1st, when licenses become due, and Judge Brown, the new appointee, who is now holding court here, is favoring the project, so it is very likely this will be a municipality sooner than Jackson.

Summer travel has begun. Steamers are constantly coming and going, carrying tourists and other passengers. The White Pass and Yukon Railroad runs three to five crowded cars each way daily, also an excursion to the summit of the Pass when a steamer has tourists enough to warrant it.

Talk about monopolies. The Southern Pacific isn't in it with the W. P. & G. The fare from here to Bennett, forty miles, is ten dollars (\$10) freight or extra baggage five dollars a cwt. They even forbid anyone walking over their bridges or trestles without paying toll. There goes the steamer whistle.

Yours as ever,
C. H. G.

Do You Know

Consumption is preventable! Science has proven that, and also that neglect is suicidal. The worst cough or cold can be cured with Shiloh's Cough and Consumption Cure. Sold on positive guarantee for over fifty years. For sale by A. Goldner, Druggist.

DOCUMENTS RECORDED.

J. E. Dye to Jackson Exploration & Development Company—School House Lode mining claim; \$10.

J. W. Jones et ux to W. Haller—Lot in Ione; \$100.

W. Haller to J. W. Jones—NE 1/4 of section 7, township 6 N, R. 10 E; \$10.

Thomas Frakes to Blue Lakes Water Co.—Right of way; \$1.

J. T. Gray to S. E. Gray—Lot 5, block 7, Plymouth; \$10.

J. P. Harker et ux to A. W. Kimball et al—Lot in Pine Grove; \$1.

Joe Riley et al to Mrs. C. Riley—Part of lot 7, block 4, Sutter Creek; love and affection.

A. Riley et al to J. Riley—Part of lot 7, block 4, Sutter Creek; \$1.

S. A. Putman to S. J. Withering—Lot 1, block 30, Ione; \$500.

An Excellent Record.

In twenty-four schools of the county there were 149 applicants for Seventh Grade Promotion Diplomas, and 137 were successful. This is an unusual showing and reflects great credit alike on Superintendent, teachers and pupils.

In the above mentioned examination, the teacher in charge prepared the questions which were duly approved by the Superintendent. The teacher then submitted the questions to the class, graded the papers and transmitted them to the Board of Education for approval, and upon said approval, Seventh Grade Promotion Diplomas were issued to the successful applicants.

Every school in the county should have been represented, and it is to be hoped that next year every school in the county will present one or more applicants for promotion diplomas. Teachers should encourage their pupils to try and attain this honor.

McCall's Magazine.

Sample copies of McCall's Magazine at the Ledger office without money and without price. Step in and get one. First come, first served.

BORN.

CAVALLERO.—At Drytown, June 28, 1900, to Mr. and Mrs. M. Cavallero, a son.

BELLUMONT.—Near Jackson, July 2, 1900, to Mr. and Mrs. Bellumont, a son.

PETTY.—Four miles from Jackson, July 4, 1900, to Mr. and Mrs. Petty, a daughter.

DIED.

MITCHELL.—At Ione, July 4, 1900, Mrs. W. J. Mitchell, mother of Mrs. Steve Angove of this place.

PIERSON.—At the County Hospital, of consumption, July 5, 1900, aged 29 years, a native of Utah. Has no relatives in this State.

SUPERIOR COURT.

Andrew Samsa et al vs Milton Bescoe et al—Trial continued to July 9th.

Mary E. Harmon vs Elizabeth Speer et al—De-murder to amended complaint argued and submitted.

Jennie A. Murphy vs Mary Elizabeth Hoggan et al—Hearing on contempt proceedings had and dismissed.

Following resolution is presented in open Court: To the Hon. R. C. Rust, Judge of the Superior Court of Amador County, Cal.:

At a meeting of the Amador County Bar Association held this day the following motion was adopted: Resolved, That this Association petitions the Hon. Superior Court of Amador County, that a vacation of six weeks next preceding Sept. 10, 1900, be taken by this Court.

It was further resolved that the foregoing resolution be presented to the Court with the signatures of the members of this Association. Wherefore said Association prays favorable action on the foregoing.

D. B. SPAGNOLI, President,
W. H. WILLIS, Secretary.

Members—R. C. Bole, Neil A. Macquarrie, J. L. Stewart, J. W. Caldwell, A. Caminetti, J. L. Sargent, C. P. Vicini, E. A. Freeman, John F. Davis, Charles H. Crocker.

The petition is granted by the Court and a vacation will be taken from July 30th to Sept. 10th.

Daniel O'Toole vs Ida O'Toole—Decree of divorce entered.

Estate of B. F. Richtmyer—Order approving report of commissioners on partition; decree settling second supplemental account; order settling \$210 as attorneys' fees for absent heirs.

Estate of Francis Parlin—Order of sale of real estate.

Estate of Jas. Speer—Decree settling final account showing a deficiency of \$1650.10 due administrator.

Guardianship of Miranda Leon et al—Hearing on return sale real estate continued.

LEGAL NOTICES.

Summons.

In the Justice's Court of No. One Township, County of Amador, State of California.

Enrico Ginochelo and Alfonso Ginochelo, plaintiffs, vs. W. S. Chapman, defendant.

You are hereby notified to appear in an action brought against you by the above-named plaintiffs in the Justice's Court of No. One Township, County of Amador, State of California, and to answer to the complaint filed in said court, on the 18th day of July, 1899, in an action in said Justice's Court of No. One Township of Amador County, Cal. wherein Enrico Ginochelo and Alfonso Ginochelo were plaintiffs and you, W. S. Chapman, was defendant together with legal interest and for costs of suit, as more fully appears by the complaint on file herein, to which you are referred.

And you are hereby notified that if you fail to so appear and answer said complaint, as above required, said plaintiffs will take judgment against you for default, to the sum of \$200.00 with legal interest from the time of the filing of plaintiffs' complaint and for costs of suit.

Make legal service and due return hereof. Given under my hand this 7th day of July, 1899.

H. GOLDNER, Justice of the Peace for said Township.

Dissolution of Co-Partnership

NOTICE IS HEREBY GIVEN THAT Anton Gargio, who has been doing business with Ned B. Tarrash, under the firm name and style of Gargio & Tarrash, in the town of Jackson, county of Amador and State of California, has this day sold his interest in the business to Peter Vusich, and the co-partnership heretofore existing between said Gargio and Tarrash, is hereby dissolved.

The said business, which was conducted in future by the said Gargio and Peter Vusich under the firm name and style of Tarrash & Vusich, is in testimony whereof the parties interested hereto affix their names.

NED B. TARRASH,
PETER VUSICH,
ANTON GARGIO.

FORD TO BE UNWATERED FOUR HUNDRED FEET

Neil A. Carmichael Doing Excellent Work on the Confidence Property.

CALAVERAS COUNTY.

Prospect: L. H. Carver of the Table Mountain mine, situated between El Dorado and Sheep Ranch, spent Sunday in town and had a short talk with a Prospect representative. He reports the outlook at the mine as very favorable. The Table Mountain is a gravel proposition, the gravel being in the shape of a hard cement, requiring a mill for crushing. At present 12 men are employed and the five-stamp mill crushes about 30 tons every 24 hours. An addition of another five stamps will probably soon be made to the mill. The mine is on a paying basis and sufficient development work has been done to insure continuous working for a long time.

The Ritter mine near El Dorado in this county, has been incorporated. The principal place of business is San Andreas and the capital stock is \$100,000. The directors are E. C. Rigney, Oakland; Chas. D. Fontana, Copperopolis; Sam E. Redmond, Edward Casey and F. J. Solinsky of San Andreas.

Don Palmer who holds the bond on the old Ghar mine on Central hill, commenced work on that property Wednesday of this week. Mr. Palmer is a successful mine manager who has the confidence of the money men and has had no difficulty in interesting capital in this proposition. With the necessary money in hand it will not be difficult to demonstrate the value of this mine, and it will no doubt soon be on a paying basis. The development work will be vigorously prosecuted.

Citizen: At the Ordo mine, near Angels, crosscutting is still being done at the 400-foot level. Rock was this week encountered which promises to turn out good as work progresses. Seventeen men are now employed underground. A fine body of ore has been struck in the south drift of the 1800 level in the north shaft. The ore body is nearly 20 feet thick, and all good milling rock—no slate or waste mixed with it. The vein is standing at an angle of about 75 degrees to the east and has a strong gouge on both foot and hanging walls of the ore body.

Orders have been issued for the unwatering of the Ford down to the 400 level, and the prospects are that it will be continued to the bottom of the shaft. The New York parties who are interested in the property and inspected it last week are satisfied from all outward appearances. A clean-up of the two weeks' run was made last Saturday night, and although we could not find out the result, we understand it was satisfactory to those interested. The stamps were again started up on Monday morning and the incessant racket and roar of the process of hammering out gold is but that of music to the ears of the people of San Andreas.

The Commodore mill has a force at work in repairing and straightening the shaft preparatory to further sinking. At the McGuirk work is being pushed in the sinking of the shaft, and the sounds of the blasts can be heard plainly. Everything looks as good at this mine as was indicated by our last report.

The mines of the Melones Company at Robinson's Ferry will soon be the center of great activity. The uncertainty so long felt about the big enterprise is now at an end, and many men will find work there at good wages.

Record: The work among the various mines around here was without much change during the past week. About the only item of much importance was the closing up of the sale of a gravel mine at Vallejo, which will be made public in a few days.

At the St. Lawrence work is still progressing in good shape, crosscutting continuing, with better rock being found each day. A good force of men are employed. A new boiler was put in this week in place of the old one, which sprung a leak a short time ago.

At the Cross shaft the work of putting up the new hoist is going up very rapidly, and it will only be a short time until it is finished. This will be the third largest hoist in the North American continent. The machinery for the work is being put in position as fast as possible.

At the San Domingo gravel mine work will be closed shortly on account of no water, and will not be resumed until next fall, or when water can be obtained.

The Gold Hill people are at work getting their new machinery in working order, sinking the shaft and preparing to carry on the mine in a first-class manner.

Mountain Echo: New machinery for the big hoist to be erected on the South Stickle mine has already arrived and more is on the way. When completed this will be the largest hoisting plant on the Coast. The gallow-frame over the shaft is to be raised about 30 feet higher, making it the tallest gallow-frame in the State.

Work is progressing in the San Justo mine on Carson Creek. A good chute of ore is being mined, and the 40-stamp mill is kept pounding away on ore from this chute. The mine is reported to be looking better than at any time during its history.

The work of sinking the shaft at the Coleman mine in this town, 200 feet deeper, goes on day and night. When sinking is completed, the shaft will be a total depth of 600 feet, with a 50-foot

South Stickle, Cal., The Company's 180 ft. shaft is dropping and the usual monthly yields are made.

TUOLUMNE COUNTY

Independent: W. H. Frye has taken charge of the S. M. & B. mine near the Santiago reservoir, and has put four men to work on the same.

The tunnel on the Continental is now in 140 feet and is being steadily driven ahead along the lead for the west Sonnet vein which comes in contact with the same at a point about 300 feet beyond the breast of said tunnel. Considerable gold has been taken out on the surface and it is the opinion of those familiar with the same that a good shoot will be opened up and at a sufficient depth to give them good backs, and to afford a splendid opportunity for working them. The Continental, which has a good history, is situated in a fine mineral belt and near the famous old Riverside, which is also under bend, and will be started up shortly. The Sonnet, Hazel Dell, and other good properties are also in said district.

Ten more stamps will soon be added to the Longfellow mill, also a hoist at the Nonpareil shaft of the Longfellow mine.

The Pauper's Dream has stopped sinking for a few days—the pumps are kept working. The stoppage is only temporary.

New Era: A wonderful strike was made in the Confidence mine in the south drift at the 350 foot level. The miners ran into a vein of solid ore 18 feet wide which shows free gold everywhere, and will mill up to the best ever taken out of the mine, even in its palmy days. In addition the quartz carries a strong percentage of sulphurates, all good and some of these concentrates running as high as \$1600 per ton.

This week the blower and steam hoisting machinery were removed from the north drift of the 800 foot level, as work has been discontinued in the winzes. Stopping will be at once resumed between the 8 and 7. The mill's 20 stamps are kept pounding away day and night. One thousand feet of the new flume have been constructed; when completed it will be 6000 feet long and bring water for battery purposes from a spring near the Jasper ranch. The Confidence has as its superintendent Neil Carmichael, one of the ablest mining men in the country, and he in turn has an all-around good miner as his foreman—R. B. Nickerson. There are about 60 men on the pay roll. Despite its wonderful record in the past as a gold-yielder, the Confidence is better today than ever and the big strike mentioned throws it once again in the county's very front rank of rich mines. It is also so opened up that enough rock can be extracted from any one of the several levels to keep the mill running.

EL DORADO COUNTY.

Republican: An injunction was served this week upon the company operating the Blue Gouge mine above Pleasant Valley to restrain them from discharging the water from the mill into the supply which feeds the Park Canal. It is said that the water from the mill bears a fine blue sediment which is poisonous to animals and vegetation for miles below the mine. On the Park Canal the grass along the sides of the ditch has been killed as far as the water reached it. This in itself would perhaps be a benefit, but where the water has been turned upon the ground in irrigation it destroys plant life in the same way. Cattle have also suffered from drinking it and some of Avansio's cattle at Pleasant Valley have been considerably injured.

J. H. L. Tuck of San Francisco is opening a mine seven or eight miles west of Placerville on Webber Creek near the Metcalf place, the sinews of war being provided by a San Francisco company. At present they are grading for a mill and getting some of the necessary buildings under way. The ore body is said to be very large and of low grade. It has been named the Expansion mine.

The mill at the Boulder mine quit running a few days ago on account of scarcity of water. Development work in the mine will be prosecuted during the summer and more active operations resumed when the rains set in again.

Reports from Big Canyon this week state that work has been permanently suspended there and that most of the machinery will be moved to Tuolumne county. Other statements partly contradict this in asserting that the machinery that is being shipped is not now needed at Big Canyon, and that the shut-down is only temporary.

Successful Applicants.

In the recently held examinations in the Primary and Grammar Grades, 22 applicants, the following were successful:

PRIMARY GRADE.

Miss Maggie F. Slavich, Plymouth. Wallace A. Wilson, Pine Grove. Chas. C. House, Stockton.

GRAMMAR GRADE.

Miss Julia Brees, Jackson. Miss Nettie E. B. Morrow of Jackson was issued a grammar grade certificate upon her San Joaquin county grammar grade certificate, having obtained the required standing in additional branches required by this county.

A Surprise.

Several members of the Episcopal Ladies' Guild agreeably surprised their rector and family at their home by celebrating the 4th in the way of fireworks, ice cream and cake, etc. A very enjoyable time was enjoyed by all present.

The Finest Building Lots.

Remember that W. P. Peck has the finest building lots for sale in Jackson. Terms easy. See display advertisement in this paper.

Ladies' white muslin chemises, 46 cts. each at the Red Front. 6-23-tf

QUITE A LARGE BRUSH FIRE

Burned Over Three Hundred Acres.

VOLCANO AND SUTTER CREEK BALL CLUBS MEET

Rev. James Blackledge Is Engaged to Lecture to the Amador Epworth League.

DRYTOWN, July 2, 1900.

Last Sunday afternoon a brush fire broke out on T. E. Macklin's ranch, near Drytown, and burned over about 300 acres of fine pasture land of Mr. Macklin, J. H. Thomas and the Seaton Mining Company. By the prompt action of the people in the near vicinity by back-firing, etc., a great conflagration was averted, as Mr. Tuttle's grain field, on R. M. Ford's ranch, was but a hundred yards away and directly in the track of the flames with a strong west wind blowing. Had the standing barley once become ignited it would have become impossible for any one to get within a quarter of a mile of it, and no doubt the loss would have been enormous.

John S. Davis, our village blacksmith who was sick all last week, is able to be behind the anvil again. Supervisor Fred LeMoine filled his place in the shop during his sickness. Frank Gazzera has closed up his saloon on Main street and gone to the Blue Lakes to work for the Ditch Company. George Matulich accompanied him. They expect to be gone all summer.

Mrs. S. J. Worley, with her two grand-daughters Mary and Portia Griffith, went to Seattle, Washington, on June 20th, to visit for a couple of months with her son Levi Worley and wife.

Kendall Crocker of Massachusetts, who has been here during the past month looking after his mining interests, started for home on Tuesday of last week.

VOLCANO.

The Volcano and Sutter Creek Ball Clubs Have a Class Game.

VOLCANO, July 2, 1900.

The baseball season opened here last week with a game between the home club and the Sutter team. The Volcano club had the best of the game until in the seventh inning the pitcher sprained his arm. A new pitcher had to take his place. The Sutter's were then able to do some batting and with six runs in the eighth inning, fill up the gap between their score and the home team. At the beginning of the ninth, the score stood 14 to 14. The home team scored once more and the Sutter's took the lead ending the game with a score of 16 to 15. The game was devoid of any sensational features. Mr. Hyner, superintendent of the Mitchell mine, umpired the game and gave entire satisfaction to both sides. As a result of the game our pitcher goes around with a very sore arm, another player nurses a swollen wrist, he was hit with a ball, the catcher had his hand stepped on while running bases and has several fingers swollen to double their size, so it is not altogether a wonder that our team was not able to do better work in the last part of the game. Following is the score by innings:

	1	2	3	4	5	6	7	8	9
Sutter	1	0	1	3	1	1	6	2	15
Volcano	2	1	6	0	0	1	1	3	1-15

Saturday night the baseball club gave a social dance in honor of the Sutter boys, but none of them turned up. It was a very enjoyable affair in all respect. The Native Daughters served ice-cream in the hall. GRANDAD.

AMADOR CITY.

Rev. Blackledge To Lecture to the Epworth League of Amador.

AMADOR CITY, July 3, 1900. Mrs. L. Carson, and daughter, Juanita, of Lodi, are the guests of Mrs. J. Allen.

John R. Tregloan of Alameda was the guest of his father last week.

Miss Lucy Hickman has returned from Jackson and intends to remain home for awhile.

Miss Maude Williams of Jackson, spent a few days last week at Bunker Hill with Miss Florence Taylor. Mrs. Rose and brother of Jackson, called on sick relatives last Saturday. The Epworth League expects the pleasure of having Rev. Blackledge, of Pine Grove, lecture at the M. E. church, Tuesday, July 27th.

Karl Seaman of Lodi, visited Amador Tuesday.

Walter Taylor of Jackson, is the guest of his cousin Harry Taylor.

John Templ and family have returned to Grass Valley.

John Plumer has returned to Grass Valley.

Church services throughout the week as usual. The pastor will occupy the pulpit in the morning, Rev. Whitaker in the evening, his theme being "National Bulwarks." E. LOIS.

A Voice From Abroad.

An interesting letter from Miss Christina Rickert, who is doing Epworth in company with Mr. and Mrs. Wm. J. McGee, was received by Mrs. Hoffman recently. Miss Rickert wrote from London and vividly described the scenes of interest witnessed by her party. At the date of the letter, the travelers were preparing for a visit to the Paris exposition, after which Germany is to be visited and other countries at their leisure. All are well and are enjoying sightseeing immensely.

Revised Course of Study.

The Board of Education of Amador county will revise the course of study and adopt text books next May or June.

High grade flour, corn meal and all kinds of feed made a specialty at the Lone Flour Mills. Buy Peaches. 6-23-tf
